Remove unsightly and problematic aquatic weeds from your pond, dam or lake effortlessly from our select range of Aquatic Weed Razers.

Our Razer Range all use the same, simple method! *Simply:*

**FOR EMERGENT AQUATIC WEEDS:**

1. Throw it in the water.
2. Let it sink just below the water's surface.
3. Pull it back in (*ensure you pull rope hard and bring hands to chest before grabbing next section of rope for the most effective cut*).
4. Repeat.

**FOR SUBMERGED AQUATIC WEEDS:**

1. Throw it in the water.
2. Let it sink.
3. Pull it back in (*ensure you pull rope hard and bring hands to chest before grabbing next section of rope for the most effective cut*).
4. Repeat.

*When you've successfully cut your aquatic weeds, easily remove them from the water with our Aquatic Weed Rake!*
